ELLEN STONE'S RANSOM.
WASHINGTON, May 6.—Senator Lodge today reported from the committee on foreign relations an amendment which is intended to enable the Secretary to return to contributors the \$66,000 raised to ransom Miss Ellen Stone, an American missionary to Turkey, who was abducted by brigands on September 3, 1891.

SPORTS

Captain Harris has been granted leave of absence from the Inter-island S. N. Co., and will take the command of the yacht Hawaii today. Now that the yacht race is an assured event, and with Captain Harris in command, the citizens of Hawaii should feel that the Hawaii will give a good account of herself in the coming race which starts on July 4 from San Pedro.

Captain Harris will immediately place the Hawaii in readiness for the run up to San Pedro, which will be some time the end of the month, or not later than the first week in June. His crew will be composed of seamen who know their business and with any sort of luck, the Honolulu built racer ought to finish first providing that she has good winds and nothing untoward happens to her.

The Hawaii will be given several trial spins before she starts on her trip up, as her unnecessary ballast has to be taken out, her racing sails have to be bent on, her compasses adjusted and a good many other minor things done before she will be ready for the trip up.

Just how large a crew will be taken has not been decided by Captain Harris but she will have enough on board to do the work.

At the meeting of the directors of the Outrigger Club held yesterday afternoon, it was decided to purchase boards and canoes for the members who have paid their dues. It was also decided to have open house for the sailors when they arrive with the fleet. Allan Herbert was made a life member, also appointed chairman of the building committee.

The Central Boys Club and the Y. M. C. A. will go into camp at Makua on August 1, remaining until August 29.

The baseball game yesterday afternoon in the interscholastic league between Punahou and the High School resulted in a victory for the former team by the score of 8-3. Both teams played better than they have before this year, but the College boys were better with the stick, therefore the victory.

The baseball games on Saturday afternoon in the big league should draw a good sized crowd, as the scheduled games are going to be fast from start to finish. The Puns and the Saints will line up in the first game, while the Diamond Heads and the Kams will play in the second. It is almost certain that the Kams will have the strongest line up that they have had this year, and such players as Jones and Vannatta will probably be seen in their old positions. The Puns will have the same lineup as they had last Saturday, while the Saints will have Bushnell and Soares to do the battery work. Barney Joy will probably be at first again, although it is quite possible that he will be given a chance in the box. The Diamond Heads will probably have to play without Bill Chillingworth, as he has gone up to the big island and it is doubtful if he will be back in time. St. John, a new comer in town, may be given a chance to show what he can do in the box, although the make up of the team will be announced tomorrow by Captain Fernandez.

All the teams are going into the game to win, and the general feeling among the fans is that the Heads and the Puns will come out on top at the end of each game.

The second game in the Junior interscholastic baseball series will be played tomorrow afternoon on Makiki field, between the Kaunamun and Alhohani school teams.

A meeting of the Kalihi Baseball League will be held tomorrow evening at 7:30 in Cooley chapel on Guilke avenue. Representatives of the different clubs are requested to be present.

Great preparations are being made for the luau which will be given on Saturday afternoon at Nottley Hall, under the auspices of the Ania A. C. A royal good time is in store for every one who attends, and one of the largest crowds of the year is expected to be on hand. A number of speeches will be made and after the luau dancing will be indulged in until the clock strikes twelve.

The match race between Duke Spencer and Shamrock, which was to have been held on Saturday afternoon, has been postponed on account of the poor condition of Duke Spencer. A race will be held however between Sure Shot and Makaala at five o'clock.

The scheduled games in the Newspaper baseball league on Sunday afternoon at the league grounds promise to be very closely contested, as the Advertisers and the Bulletins meet in the first game, and the Mercantiles and the Paradise teams in the second.

All the teams have been working hard this week getting into shape for the games, and no fan realizes how hard contests the games will be. The Bulletin team will probably have several important changes, which will

DIAMOND SPARKS

The Jewels have located a new slabster from amongst the ranks of the Rapid Transit Co. and will put him forward on Saturday in their game with the Kamehamehas. Davis will be ready to receive all the newcomer can put over and, from the inside information from them that know, he will keep some of Reuter's men a-guessing.

Once again it is rumored the "heavenly twins"—Jones and Vannatta—will make their appearance. There is no doubt that the Kams can find room for them and it is to be hoped they won't disappoint their many friends again.

With a good live man on the coaching line for the Puns on Saturday some of the youngsters should put up better ball. The lack of noise in some cases proves the lack of hits, as a good coach from the side lines can send a pitcher in the air some times quicker than anything else.

Doc Monarrat can be more service to his dear old pals if he would remain on the Ewa bleachers when the Puns are playing the game, as the netting from the cellar of the grand stand interferes with his speaking qualities.

The Saints will play Bushnell and Soares as their battery on Saturday.

Aylett and Kia are on a par for judging flies as they leave the bat, something that some of our other fielders should learn. It would save them many a merry go round while waiting to get their mitts on the ball.

Captain McCorrison is playing a star game at first these days.

Frank Thompson and George Davis watched the games last Saturday from their automobile. Rather a warm proposition, that!

BAND CONCERT

This evening at 7:30 the Hawaiian Band will give a complimentary concert at the Princess Theresa Wilcox hall, Alakea street. Following is the program:

NOT THE FIRST ONE

Mrs. A. Frances Hayden of Los Angeles, a member of the California bar who arrived here lately, may apply for a license to practice law in this Territory. She would not be the first lady ever enrolled as an attorney in Hawaii, the late Miss Almada Hitchcock of Hilo (sister of Artist D. Howard Hitchcock) having had a full license and practiced law with her father.

Give them a more even chance to win. The Advertiser team will be the same as in their first game, while the Mercantile and Paradise teams will line up the same as they did last Sunday. A large crowd is expected to be on hand to root for their favorites and the third games in the league promise to be the best so far played.

CARDINAL LOGUE AT WHITE HOUSE

Greeted at President's Luncheon by Other Prelates and by Statesmen.

THE PRELATE OF IRELAND.

He Denounces the Divorce Evil and Is Dubious of Liquor Prohibition.

WASHINGTON, May 6.—President and Mrs. Roosevelt entertained a distinguished party at luncheon today in honor of Cardinal Logue, the prelate of Ireland.

The guests of the President and Mrs. Roosevelt were Cardinal Logue, Cardinal Gibbons, Monsignor Falconio, apostolic delegate; Lord Bishop Brown of Cloyne, Ireland; Archbishop Farley of New York; Bishop O'Connell, rector of the Catholic University; Dr. W. T. Russell, rector of St. Patrick's Church; Secretary of State Root; Senator Carter of Montana, Attorney-General Bonaparte and Mrs. Bonaparte; Major-General Thomas H. Barry, U. S. A., and Dr. H. S. Bigelow of Boston.

As the function was regarded as purely private no statement was made from the White House. All the guests, however, agreed that the talk was informal and that its purpose was altogether social and an act of courtesy to the distinguished representatives of the Catholics now in the United States.

Today Cardinal Logue gave his views briefly on several important subjects, in answer to questions, and also his impressions of President Roosevelt, whom he greatly admires. On the divorce question Cardinal Logue said:

"Divorce is one of the chief blots on this country. I believe it will eventually ruin the United States, if a check is not put upon it. According to my belief, it should be absolutely abolished. Even from a political point of view, it will ruin the United States and destroy families, and the family is the foundation of the state."

On the question of prohibition, the cardinal said:

"This is a difficult matter to pass on. The absolute prohibition of the sale of liquor is practically impossible. Or course, we all want to reduce the use of alcohol as much as we can, but the best means of doing it is a mooted question."

Cardinal Logue will leave here on Friday for New York, whence he will begin a tour of the country. He expects to go as far as San Francisco.

HILL WAS MAD AT THE SPEAKER

Commercial Paper Is Indorsed by the Republicans in the House.

WANT CURRENCY COMMISSION.

Sharp Encounter Between the Speaker and Hill at the Conference.

WASHINGTON, May 6.—The Republicans in a House conference tonight came out in an emphatic indorsement of commercial paper as a basis for asset emergency currency. The vote was 115 to 21.

Vreeland, Burton, Weeks, McKinney and Knowland were appointed a committee to draft a currency measure embodying this principle, to be submitted to a conference Monday night, when a bill will be perfected that the Republican members of the House will be called upon to support as a party measure.

By a vote of 130 to 3, the conference indorsed the appointment of a currency commission to consider the whole subject of financial legislation, with a view to a revision of the system.

Tonight's work indicated that an emergency currency bill will pass the House and be sent to a conference with a Senate committee.

A sharp encounter occurred between the Speaker and Hill. Pollard of Nebraska was speaking and Speaker Cannon interrupted. Hill leaped to his feet. The Speaker turned on him and shaking his fist in his direction, shouted: "You are up for mischief."

Hill hurried toward the Speaker, replying hotly: "I'll take that from no man."

The Speaker waved him off. Hill was mad clean through but returned to his seat.

ON WATER WAGON BUT ESCHEWS WATER.

TOWNSEND, May 6.—Thomas Maloney has not drunk water in eleven years. Mr. Maloney is also a total abstainer from the use of intoxicants. When he heard that water was responsible for infectious diseases, produced by bacilli, Mr. Maloney stopped drinking water. He uses coffee three times a day and enjoys good health. He is also fond of milk.

AGRICULTURE AND FORESTRY BOARD

Efforts In Progress For Introduction To Hawaii of the Smyrna Fig.

PERMIT TO CUT DEAD WOOD.

Gratifying Results to Potato Supply From Inspection of Imports.

Jacob Kotinsky, assistant entomologist, related to the Board of Agriculture and Forestry yesterday the steps that had been taken to introduce the Smyrna fig in Hawaii. Thus far the results are uncertain.

David Haughs, foreman of forestry, in his report stated that applications from abroad for seeds of our indigenous plants were frequent.

F. S. Lyman was granted permission to cut dead timber from the lower portion of the government forest at Paumotu for fence posts.

A request from Alexander & Baldwin for leave to discharge ballast at the outer end of Kahului breakwater was referred back to the committee on entomology with instructions to confer further with Deputy Attorney General Whitney.

Assistant Entomologist Kotinsky reported that during April, of 8409 parcels inspected, 100 scabby potatoes from Puget Sound had been destroyed and three parcels fumigated, largely as a precautionary measure. The effect of the rigid examination and inspection of fruits and vegetables has been to practically banish scabby and otherwise inferior potatoes from among the importations to the islands.

Mr. Kotinsky also submitted a complaint from Bro. Matthias Newell, the entomological inspector at Hilo, regarding disregard of his instructions by importers. Latterly, however, the inspection has been carried out without obstruction and thoroughly.

Dr. Norgaard in full reports covering the interval of two months between meetings mentioned two outbreaks of glanders. Readers of The Star have been informed of these.

DEED.
SPALDING—In Honolulu, Wednesday, May 20, 1908, 5 p. m., George H. Spalding, a native of Salem, Mass., in his seventy-ninth year.

Funeral today at 3 p. m. from the residence of A. Sinclair, Punchbowl street.

The late Mr. Spalding was an uncle of E. I. Spalding, of Spreckels' Bank. He was an old-timer here, having been in business in this city years ago. Latterly he led the life of a recluse. He was a bachelor, his nephew and family being the only relatives here. Death was due to old age.

STAR FLEET EDITION THAT WILL ATTRACT WORLD ATTENTION

The Hawaiian Star's special fleet edition will be issued simultaneously in San Francisco and Honolulu, on the lines of the plan whereby the London Daily Mail issues simultaneous editions in London and Manchester, and the New York Journal and San Francisco Examiner frequently issue at the same hour papers in many respects identical, though the width of a continent apart from one another.

The existence of a cable line between here and San Francisco makes such an enterprise possible. It will be the first time such a journalistic feat was ever attempted in the Pacific. It will give the Hawaiian Islands one of the greatest advertisements they ever had, for the publication will arouse comment all over the United States and Europe.

To Honolulu advertisers this edition offers the best opportunity ever given, without exception. TWENTY THOUSAND officers and men of the fleet will be reading and referring to this paper all the eight or nine days of their trip here.

They will get the paper just when they are looking for information about Hawaii,—when they are leaving San Francisco with Hawaii as their next stopping place. They will look it over every day, for information about Hawaii.

More than three quarters of the officers and men have never been here, and they will be deeply interested in a Honolulu newspaper.

Prominent business men of the Territory in commenting upon the plan above outlined have expressed the opinion that the fleet edition of The Star, issued in this way, will be one of the greatest bits of Promotion work ever done here.

CHINESE BOYCOTT IN JAPAN DYING

Effort to Rebuke Nippon For Humiliation in Tatsu Maru Affair Falls.

STARTED BY THE CANTONESE.

The Movement Failed Through Strong Opposition of the Viceroy.

SHANGHAI, May 6.—The Chinese boycott of Japanese goods which came about as a result of the humiliation inflicted upon the Chinese people by the Japanese Government in securing the Tatsu Maru case, will soon die a natural death.

The movement was started by the Cantonese merchants, who endeavored to carry the propaganda into the various parts of China by sending urgent telegrams asking the residents to join the boycott.

This movement did not succeed on account of the strong position taken by the viceroys, who took severe steps to prevent its growth and who succeeded in stopping the Cantonese merchants in Tientsin, Shanghai and Hankow from joining.

This attitude by the viceroys doubtless was a result of Japanese pressure upon China. Two societies, one calling itself "The Society of National Disgrace," and the other a woman's organization, were formed to help the movement. Their establishment is of interest as showing the national spirit everywhere manifest in China.

are fast thinning out. These men, headed by Major E. A. Sherman, president, have all passed the three-score and ten mark. In fact, the average age is 80 years. With their wives, daughters and grandchildren, they were the guests of Commandant Capehart of the island.
